Organizing Secretaries

Prof. Daman Saluja
Director
ACBR
University of Delhi

Dear .....

Warm greetings!

Dr. Sanjay Kumar Dey
Assistant Professor
ACBR
University of Delhi

ACBR, University of Delhi is organizing this National Symposium on "Frontiers in Biomedical Research 2022 (FBR-2022)" from 2nd – 4th November 2022 on the theme 'Communicable and Non-communicable diseases: Prevention, Cure, and Future Preparedness'. This is highly relevant to showcase and update the developments in cutting-edge biotechnology research. The symposium will provide an excellent opportunity to see world-leading scientists on the latest Biomedical science, policy, and practice to combat various human disorders: both non-communicable and communicable.

Invited Speakers

- Prof. Vani Bhramchari, ACBR, DU
Dr. P. Chandra Shekhar, CSIR-CCMB
Dr. Debabrata Biswas, CSIR-IICB
Dr. Randeep Guleria, Director, AIIMS-New Delhi
Prof. Pawan Malhotra, ICGEB
Prof. Uday Kumar Ranga, JNCASR, B'gluru
Dr. Amit K Singh, IISc, Bengaluru
Prof. Jacqueline Cloos, University of Amsterdam Cancer Center, Netherlands
Prof. Tulika Seth, AIIMS, New Delhi
Dr. Vaibhav Kumar, UK
Prof. Krishnan Dhandapani
Dr. Ipshita Roy, Niper Mohali
Dr. Sudipta Maiti, TIFR, Mumbai
Dr. Athi N. Naganathan, IIT-Madras
Prof. Christian Betzel, Hamburg University, Germany
Prof. S. Gourinath, JNU, New Delhi
Prof. Manidipa Banerjee, IIT-Delhi
Prof. Annamaria Vezzani, Milano, Italy
Dr. Surajit Sarkar, South Campus, DU
Dr. Baby Chakrapani, University of Kochi

As per the survival of fittest theory human beings are the most evolved organism in nature and capable to win over the threat of co-existing microorganisms or down-regulate diverse pathophysiologicals. As Biomedical scientists, we are exploiting all resources made by us and for the last several years, we are trying to win over all such human diseases to make our life normal. This national symposium will provide the opportunity for researchers and students to experience the effort made by the world- and national-leaders to develop various strategies, kits, vaccine, tools etc. to control a number of human disorders. The distinguished speakers will explain their research in detail. Lectures will include research on cancer, leukemia, immunology, neurodegenerative disorders, protein sciences, structural biology, drug discovery, ayurveda, genetics, among others. Two poster sessions and students' talk from the selected best abstracts will also provide the country's budding scientists an outstanding opportunity to showcase their research too. There will be in-depth and stimulating discussions on the related fields.

The meeting aims to bring together distinguished scientists and upcoming researchers to discuss and deliberate on the said field. We hope to provide an interactive platform for the exchange of new knowledge and discussion in fields of Biomedical Sciences. The meeting would be graced by eminent International and National scientists/researchers/academicians who would share their vast experience and expertise with young scientists and students. The volume and diversity of the discipline that would be discussed will go a long way in enriching the knowledge and stimulating young minds to develop an interest in Biomedical Research. We have great pleasure and honour inviting you to attend the "Frontiers in Biomedical Research 2022 (FBR-2022)" during 2nd – 4th November 2022.

The symposium offers an excellent opportunity to interact with distinguished scientists from India. In addition, a number of heads of the Institutions, Directors, Senior Professors will also attend as honorary guests, Chairpersons etc. This offers a golden opportunity to showcase your latest products/Instruments/Technologies at the Symposium.

As always, you have been a good supporter of our research & teaching activities and cooperation with respect to prompt supply of reagents and equipment & their maintenance.

I am sure, you will not like to miss this opportunity and look forward to your active and generous participation in the meeting.

I request you to participate through sponsorship/exhibition opportunities as detailed below-

- 1. Exhibition Option 1: (Rs. 25000)** Display of Advertisement – an unmanned stand where you can present your information. We will provide a table in a prominent position near the Registration desk. A poster can be displayed in the immediate area of the Registration desk. We will photograph your stand and send this to you. From the time of your booking is confirmed, we will include your logo on the Conference page on ACBR website with a link to your site.
- 2. Exhibition option 2. (Rs. 50000)** A manned stand where you can showcase and demonstrate your products. We provide you with a table in a prominent position near the Registration desk. You will be provided with a delegate list as the conference commences. A poster can be displayed in the immediate area of the Registration desk and inside the breakout rooms. A leaflet/brochure/promotional item can be included in the participant packs. From the time of your confirmed booking, we will include logo of your organization on the Conference page on ACBR website with a link to your site.

### **3. Conference sponsorship Options -**

For companies wishing to target a specific day, material, or social events during the conference, individual sponsorship provides an attractive option. This allows your organization to choose desired level of involvement and exposure to attendees at the conference. One key person who attends the Event is to establish contacts and to network with other delegates -so social events such as Tea, conference dinner, lunches and breaks are very well attended. We have following sponsorship packages

#### **Conference sponsorship option 1: (Rs. 100000)**

- A. 15-minute talk on Day one of the conference
- B. A stall to display your product/brochure near reception.
- C. Conference passes: A sponsor will be offered complimentary attendee passes with the option to register 2 more persons at a 10 % discount off the full conference fee
- D. Web Site: your company will be featured on the conference web page the on ACBR/FBR website from the time a sponsorship agreement is made till the end of the conference.
- E. Your company logo will appear inside the conference proceeding
- F. Material of the company can be included in the conference kits

**Conference sponsorship Option 2. (Rs. 50000)**

- A. Display of company advertisements at lunch/tea areas
- B. Conference pass for one person
- C. Material/brochure in the conference kit.
- D. Company logo on website and site of sponsorship.
- E. Sponsorship advertisement of your company on conference proceedings

The ready advertisements can be sent to the conference secretariat as detailed in the attached Flyer of the Symposium.

The details of the account for the transfer of funds are given below-

INSTITUTION ACCOUNT NAME	Frontiers in Biomedical Research - 2006
ACCOUNT NO.	30111021397
IFSC CODE	SBIN0001067
BANK NAME ( IN FULL)	STATE BANK OF INDIA
BRANCH NAME	UNIVERSITY OF DELHI, DELHI -7
COMPLETE BRANCH ADDRESS	STATE BANK OF INDIA , NEAR UTILITY CENTER, UNIVERSITY OF DELHI, DLEHI - 110007
MICRO NO.	110002030
ACCOUNT TYPE	SAVING ACCOUNT

We look forward to receiving your favourable response.

With Regards,

  
21/01/22
