

B.R. Ambedkar Center for Biomedical Research, University of Delhi, Delhi-110 007

PG Diploma in Bioinformatics, Computational Biology and Drug Discovery
TIME-TABLE SEMESTER-I (2023-24)

Day	9:00-11:00 am	11:15 -1:15 pm	2:00 -4:00 pm
Monday	1101-Basic Bioinformatics	1103- Structural BIF and Proteomics	Practical- 1101-Basic Bioinformatics
Tuesday	1104- Genome-based analysis	1105- MM-DD	Practical-1105- MM-DD
Wednesday	1105- MM-DD	1101-Basic Bioinformatics	
Thursday	1103-Structural BIF and proteomics	1102 - Basic Biostats and Mol Bio	Practical: 1103- Structural BIF and proteomics
Friday	1104- Genome-based analysis	1102-Basic Biostats and Mol Bio	Practical- 1104- Genome-based analysis

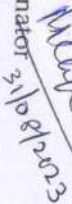

Commencement of classes 4th September 2023

Dispersal of classes, conduct of practical examination and preparatory leave: 22nd Dec – 29th December 2023

Commencement of Theory Examination: 30th December 2023

Mid Term Exam/Test dates: To be announced soon

- 725811101: Introduction to Bioinformatics, Biological Databases and Data Generation: Dr. Md. Shoab Khan
- 725811102: Biostatistics, Biomolecules, cell biology and molecular biology: Invited faculty
- 725811103: Structural Bioinformatics and Proteome-based Technology: Mr. Prakash Jha
- 725811104: Computational Molecular Biology and Computational tools (Genomics-based analysis): Dr. Md. Shoab Khan
- 725811105: Molecular modelling and drug design (MM-DD): Prof. Madhu Chopra
